

Access auditing and Best Practice

2 Day Course, 6 and 7 November 2018

► Aim of the course

This course aims to develop your understanding of the practicalities of access improvements. It shows how to carry out access surveys and provide access strategies'. Completion may help to obtain accreditation with 'The National Register of Access Consultants', it's ideal for those undertaking workplace audits or design assessments".

► Course Content

The Course is run by the Center of Accessible Environments CAE and their experienced facilitator Vin Goodwin. This long-running programme covers the following areas:

- Accessibility awareness
- The Equality Act 2010, legislation, design standards and best practice in Guernsey
- Principles of inclusive design, design guidance and access strategies
- Appraisal and auditing methodologies, formats for reports and making priorities and recommendations
- Participants will have the opportunity to experience undertaking access design appraisals and access audits in supervised exercises

► Cost

The 2 Day course costs £750 and includes lunch.
The course runs on 6 and 7 November.
